

# Floorcare

We want your new Fusion floor to continue to look as good as the first day it was installed, so to help you achieve this we have laid out the following floorcare guidelines. Each product in the Fusion collection features a polyurethane (PU) treatment within a hard-wearing surface providing protection against everyday wear, ensuring optimum long-term performance of your floor. Furthermore, Fusion does not harbour dust mites or bacteria making it ideal for the home environment.

## Floorcare instructions for domestic interiors:

### Initial cleaning after installation

Avoid walking on the floor for at least 24 hours following completion of installation. Sweep or vacuum to prevent loose dirt or grit from scratching the floor. Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

### Day to day cleaning

Sweep or vacuum the floor to remove loose dirt, grit or dust. Regularly mop the floor evenly using clean mops and neutral cleaning solutions, diluted to the manufacturer's instructions. Collect any excess liquid in a mop bucket. Rinse the floor with clean water and allow to dry.

Regular cleaning is more beneficial to the floor covering and is more cost-effective than occasional heavy cleaning.

Install barrier mats at entrances to pick up grit and moisture (Note, some rubber-backed mats may discolour the floor).

Insert protective pads and cups under furniture to protect your floor from indentations and scratches.

Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.

Regularly trim pets claws as these can cause fine scratches.

Do not use abrasive liquids or metal scouring pads as these can damage the floor.

Avoid cleaning the floor with solvents, caustic detergents, washing up liquids, soap powders, bleach, furniture polishes, petroleum-based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.

Avoid dragging furniture with unprotected feet across the floor.
